Dear folks

I haven't received a letter since I last wrote but I have a few minutes so I will write.

Things here are about the same, but last Friday afternoon I broke out in a terrible rash and it kept getting worse. I went to the doctor and he said it was an allergic reaction probably from something I ate. He gave me a prescription and I went to a pharmacist and got all the medicine. And then a bit to a clinic to get the shots. Soon here you buy the medicine yourself and then have a nurse or someone give you a shot.

I don't know what it was I ate but it really caused a reaction.

Sunday there was the

the most spiritual meeting
I have been in since I left
Paris. It was fast day and
I guess because I had fasted
more than usual and felt
more humble and the members
felt the spirit. Two of the
young sisters couldn't stop
crying for about a half hour after
the meeting. It is meetings like
that, that are a testimony
more and more to me that
the Lord is here with his
children. That if I do my
part the Lord will give me
results.

One of the sisters in the
branch is going on a local
mission here in Argentina and
she really has the spirit to
comfort her fellow countrymen.

Today we went and talked
to the Catholic Priest. He really
is intelligent and seems to be
somewhat interested, but today

there well at the present time so he was as open but he ask us to come back tomorrow. I hope we can help him to find the truth before he leaves next Monday for Spain where he spent his life for a visit.

Also today we talk to the Director of Culture and Tourism about the Church a little bit and about sending him the Church publications for publicity to him personally and he seem real pleased.

And on the way back to the Church, the secretary of the ~~very~~ newspaper stop us and said that he had a friend that wanted to learn English but couldn't come to our classes. We know the secretary pretty well because everything that is printed in the newspaper goes through him so we talk to him once or

twice a week. Well Anyway
 the friend was the director of
 the newspaper or the most
 or one of the most important
 and influential men in the
 town. We will have to see because
 he will be in B. A. for the
 next week.

This all shows to me how
 much more the churches accepted
 and known today. Because
 the people that we can talk
 to and feel that we are doing
 the work of the Lord and
 the reception that we get

I mention earlier about
 fasting now. Well what
 it is that my companion and
 I decided to fast Friday to
 make us feel more in the work
 and then we got a letter saying
 that there was going to be a mass
 wide fast to help the work.

from Saturday night to Monday noon. How we fasted then too. Also this week I am fasting with Sheryl the seventh to build our strength up together.

About her being in Washington. I don't know when exactly but her family is going to the World's Fair during this month of May and stops at Paris, Kentland, etc. And Sheryl ask her supervisor if she could go with them even though it isn't time for her to get a vacation and was given the Okay.

Sheryl also isn't living at home right now she has taken an apartment about three blocks from her hospital and really likes it. She got her roommate through a computer company that matches people for roommates and so forth.

her roommate isn't L. D. S.
but seems to ~~be~~ be a nice girl.

Well I am running out
of things to say so I will
close for now and send it
off

Love Always
