mi Querida familia

¿Cómo está? Bastante bien y espero.

Yo sé que mucho tiempo pasó desde yo escribí una carta a Uds. y lo siento. Yo Estere muy ocupada la semana pasada y ^{este} no tiempo para escribir cartas. Ahora, nosotros (las misioneras que están aquí en San Nicolás y también todos en Argentina, tenemos ^{un} nuevo plan acerca de la manera de recibir investigadoras. Ahora y en el futuro, trabajamos solamente con los miembros de la Iglesia y sus amigos. No es nueva plan ~~y~~ en los Estados Unidos pero no usa aquí ~~y~~ solamente. Realmente hay dos razones por la cambio. Una es que mayor ~~parte~~ de los miembros nuevas de la Iglesia ^{porque} ~~son~~ ^{hay} amigos de miembros viejos. y la otra razón es ^{para que} ~~para~~ preparar los miembros aquí ^{estados} ~~por~~ ^{para} un ~~estado~~ y también ^{para} que todos los ~~miembros~~ ^{sean} ~~estados~~ ^{Argentinas}, misioneras ~~incluso~~.

I hope Tommy doesn't have any trouble translating, the first page I got started and couldn't stop. it is getting easier and easier to write and think in Spanish. every day.

On this new program here, we are not tracking, except when we don't have anything to do.

Although we haven't got any contacts from it yet, we receive some satisfaction because, there was more ~~one~~ at Church yesterday than anytime since I have been here. And the spirit of the members has been increased.

All so, we are talking to people on the street more than we have tried before and it seems to be increasing. more people seem to know something about the Church.

This program of giving the members uplifting thought has brought something to mind that I don't have and that is any stories of a spiritual nature. We have been using ones in talks given at Conference

there wasn't very many given, and I
was wondering if there was a chance
you could send me some books. I don't
know which ones, but some that have
good spiritual stories in them. Also
something to study. I have used The B. of M.,
Pearl of Great Price, Articles of Faith, Movable
Works & a Wonder, and I am studying the C.
Bible, from the Crit now. On sending
books there hasn't been much hold
up if the package is marked Books
& books. Also send them Air Mail. It
costs more but it is a lot faster and
safer.

well, I have some more letters to
write so I better close and send
this off.

Love always

Harry
