

October 11, 1963

Dear Folks

I don't know why you didn't get my letter but I wrote you from Denver on the 2nd.

But since it doesn't sound like it I stayed in Denver until last night. It was the most wonderful nine days that I can remember. It show me how much more I love things than I thought. I only had to work two of the nights I was there.

The night I got there & we went to the Drive in and saw Spencer mt. & PT 109. Wednesday we went to the Natural History Museum and that night went to M.D. 9. Thursday I helped her clean house and then we went swimming. That night we ~~went~~ watch T. V. Friday we drove around Denver and that night we did the

October 11  
The grocery shopping and made  
fudge.

Saturday we went with her  
brother and parents to The Air Force  
Academy & the big Zoo in Colorado  
Springs. That night we saw Hooters  
Hotel and it happened at the  
World's Fair at the drive in.  
Sunday we watch Conference on  
T.V. and took a drive.

Monday we waxed her  
car and talked and went and  
saw Cleopatra at night.

Tuesday we talked and she  
had to work at night.

Wednesday she slept  
most of the day and I studied  
my scriptures. That night was

M. I. A. and then she had  
to go to work.

Thursday while she slept  
I washed, ironed and packed.

Thursday night we went to Denver at the "Holder Ox" at high class "beef house" and had steak. and then I left there at night.

All in all I have never been so happy in my life. And I only spent \$2. the whole time.

I was glad to get your letter. I don't know my address in Provo yet and the one at the Mission home is 119 North Main, Salt Lake City, Utah.

Give all my love to the kids.

I don't think I will need any money before November but if I do I will write and tell you.

Love always  
Harry
