Dear Bro. & Sister Matthews,

We just recently returned from holding a missionary Conference in the south. We spent a few hours in Olivarico with your son on our way. He is doing such a fine work and the people love him. What a thrill it is for us to talk to him and see the deep seated foundation of the Gospel that he has. You are to be complimented for the fine training that you have given him.

Thank you for your love and support to him. He is well and happy. They have just obtained a new place to hold services for which we are most grateful. You certainly can well be proud of this fine young man.

May the Lord bless you there at home as you serve with him in this great missionary work.

Sincerely,
Arthur H. Strong
