Dear Mom:

I was sort of a shock to get your letter and to see the return address in Woodland Hills, California. and the first thing I thought of was that something had happen. I am glad that it wasn't bad and that the main reason was for a vacation for you.

How is everyone out there in California? And how long will you be staying there?

Things here are real fine. They are going slow and we are having a hard time in finding contacts but our progress is noticiable. I really feel privilege to be here serving the Lord and doing his work, probably more than I can really realize.

All the letters finally caught up to me and I feel a bit different in receiving so many letters in one week and now I can understand a little bit better what has happen in the past little while up there in the states.

We have been doing a lot of trucking lately and it is sure interesting to meet so many different people and listen to the most sometimes stupid reasons for not listening to the Lord's message and for not accepting the truth, but there is one thing in common: no one wants to be truthful and come out directly and say yes or no.

Well Mom I want to take this chance to say how much I really love you and thank the Lord for the privilege of being your son and I hope I can always do the things you want me to.

Give my love to all the folks out there
Love Always

Harry
