

June 22, 1965

Dear Talks,

The latest news I can tell you is that I have been changed. I am now in the branch of Rosario Centro. The address is Mendoza 3425, Rosario FCMG.BM, Prov. B.A., Argentina. I was changed last Thursday but we have been so busy that I haven't been able to find time to write and yesterday I was so tired that I couldn't see straight to write.

Why we have been busy is this: The B&U Basketball team was here and the elder I had replaced was in charge of everything as far as arranging goes. And there was some problems, etc that needed to be fixed. Also a group of five missionaries that are serving as a group from the Uruguayan and Argentine mission were here and stayed in our apartment.

My new companion is named Melvin R. Thorne and is from Rock Springs, Wyoming. He is a very good elder and has been here on about eight ~~months~~ months and should be made

a senior companion pretty soon.

The branch is building a new chapel that should be built is about two months. A real wonderful search. with problems of course but it has a real fine spirit.

Well I haven't written much so I will right more later but I want to get this sent off so I will ~~at~~ close for now

Love Always

Your son
Harry
