Dear Folks

I got Daddy's letter yesterday. It was good to hear from home.

It was really sad about President Kennedy. We watched the funeral on T.V. Monday and it was sure sad.

We started on the plan this week. We have finished the first six conclusions in three days. We do a page in the morning and one in the afternoon.

On Thanksgiving Harold had Grandma and Grandmother, Gene & Terry and some more. They invited me but they told us not to visit relatives. And they prepare a banquet for us anyway.

Today we (our district) went to see a holiday double feature on campus. (Pollyanna & ) Alene and Terry came in and sat down behind us so I hear all the latest news that she knew. They seem to be doing fine.

I saw Brother Fitzgerald yesterday in the bookstore and he said to say hello to you.

I was wondering if someone could make me some cookies and send them to me. Most of the other Elders in the district have gotten things from home and it is my turn. We get quite tired of just eating Cafeteria food and it helps to get something from home.

I have a couple of more letters to write so I will close for now

Love always  
Harry
