Dear Folks

I received your letter today. Thank you for the money. Gps I think that it will do me until I get to Argentina.

It doesn't seem that I will be leaving in less than a week, but I am. Of the Spanish that I am suppose to know, I guess I am't know really until I get a chance to really use it. Of the plan, I know the first three really well and am hazy on the fourth and a little better on the fifth and we haven't finish the sixth yet. I think I will get at least the first five down good when I leave.

On my income tax, I will try to remember to sign a form and send it home, but just in case if you do get up to New York, bring one up. On my lettering I don't think I paid any in school but I will check

And write letter. You may be ought
to write Ricks College if it doesn't come
very soon. And may call Briggs Construction

On the money. I am suppose
to have ~~\$45~~ \$152 ~~to~~ to get into Argentina
and I only will have \$100 ~~to~~ after
I pay my few odds and ends off so
send some as fast as you can

Well it is time for class so
I better close so I can get it off

Love always
Harry
