Dear Folks.

I am sorry that I haven't taken the time to write you soon. I am getting a bad habit again of not writing letters.

I am fine and the work is just wonderful. Last Saturday the branch had an activity and there were five or six investigators there all day and at night there was a district activity and there were 12 investigators there from our branch. The members are beginning to catch the spirit and ask the golden questions.

Sunday the branch presidency was changed. and the second counselor (our ~~major network~~) became president and the old president moved up into the district. The new president is young and has lots of good ideas. I am sure we will be able to work with him.

On the letter of that girl. I call and talked to President Strong and he said it would be better to let it set and wait to see if anything else develops so I will let

you know as things develop, but be sure
and send me anything else that arrives
there.

Tell Ruth, Happy Birthday for
me since I am late in writing.

Also where is Alene? The last
letter I got from her said she was
thinking of going home and so I
don't know where to write her very
well.

Well time is short so I better
close

May the Lord bless and watch over
all of you

Sincerely your son
with love

Larry

P.S. I bought a new sweater last week and
I am afraid it will make me a little short
so could you send me a little more for July
Thanks
