Dear Folks

I have really been slow again in writing you and
I am sorry

I received the maps and information on the World's
Fair — thank you. Also your letter of May 17

Mother, on that piece of paper, I am not sure
exactly what it is. I have an idea so I will mention it
anyway I think it would be better if you sent it
all to me, including the envelope it came in. My idea
is this " About 7 or 8 months ago one of the Branch Presidents
in B. A. ask me if I had a relative that had been in
Argentina before on a mission or in the marines. I
told him not that I knew of and asked him why. He
said that there was a young girl (14 or 15) who had just
came to B. A. from "Salta," whose name was Matthews.
and was looking for her relatives. Well I said I was
sorry but I couldn't help. About a week later the girl
came in. I talk to her and she said that her mother
had just died and so she was looking for her father or
his relatives. It sounded to me like her father was a
Maine of sailor and had married her mother during the
war and never came back. well anyway I talk

to Russ Strong and he felt the same way that even though the ~~circumstances~~ were mixed up she wanted a free ticket to the States. I told her that I was sorry and he though our name was the same that I couldn't help her, but I gave her my card which has I our home address.

That is the only thing that I think it could be so I know it would be better if I receive it and just turn it over to the mission.

How is Lydia coming? I hope that she is improving at a fantastic rate.

On the list of authoritative - Thanks for making it but I think you forgot to enclose it in the letter.

On my selective service. I registered in Idaho but the board transferred the record to one of the boards in D.C. so I can't remember what the number was but I will try writing to the boards in Washington - Yes I did lose my drivers license

Lydia & Ann - keep up your music studies - I am proud of you just like am of your brothers for learning to play an instrument.
