Dear Folks

Well it is time to write those that I love again even though I haven't yet received word from them.

Things are going to be real great here in Rosario. I really feel like I am going to have success here in Rosario Centro. The people are really wonderful.

Yesterday our district of missionaries visited the "John Deere Tractor" factory here in Rosario. It real look good and was very modern. About \$250 million is invested in equipment, etc. Here and about 2000 people working there.

We are finally settled in our new apartment and now are working hard to find people to teach the gospel.

We have met one family and are going to teach them this week. But they are going to move to the states as soon as they can.

Sunday morn after church we
had a family hour with the building
supervisor and his family. It sure
reminded me of home and our family
about the money. I know that
I am going to run short before the end of the
month so if you could please send \$15 extra
in ~~the~~ August.

The hotel's work is really outstanding
and I love it.

May his spirit always be with
you

Love
Henry
