Dear Folks

I was glad to get your letters, & happy to know the kids are doing better in school and I hope Tommy does better next time. I would write a letter to all of you but I don't have enough time so I will have to let this one do.

It doesn't seem possible that another complete week has gone by and I only have 7 more to go.

We start on the plan Wednesday and take 2 pages a day plus one Spanish scripture from then on. I didn't do as well this week in my tests but it was my own fault and I will work harder. I still have a solid B coverage and I hope I can keep it up.

The spirit here increases more every day and I just love. We have Testimony Meetings that built the spirit up more in the District.

Is anyone going to try to get up to see me in New York, if I get a lay over. The group that leaves tomorrow has a 15 hour layover in New York.

but I can't tell you if I will or  
not because some don't even go to N.Y.

I had to study some more  
so happy for now

Love Always  
Harry
