Dear Folke

I don't know ~~exactly~~ exactly what I told you last letter ~~but~~ so I will just write.

The week in the mission home was very, very uplifting. The week was very hard both physically and as a strain on the mind but it was worth. We heard from 13 General Authorities and quite a few more on the Missionary Committee.

I was set apart by Elder LeGrand Richards on Wednesday afternoon. He gave me a very wonderful blessing. I only hope that I am worthy of it.

I shook President McKay's hand later in the afternoon and that too, is something I will remember for a long time. The brightness and the spirit that flows from him proves beyond any doubt that he is a prophet of God. I think that Wednesday afternoon and Friday & Saturday

mornings were the highlight of the week. Of course Friday & Saturday was when we went through the temple. It has left an impression on me I will never forget.

Grandmother and Grandfather and Aunt La Rae & Uncle Stan came down Sunday and went to the Testimonial with me. I went over to Hickman Lodge on Saturday.

Now I am in Provo. We have to start speaking Spanish out of our rooms on Wednesday or pay a fine.

I have to go to class now

Love always

Harry
