Dear Folks

It seems like a long time since I have written you and I guess it has been.

A lot of things have happened since then. As I mentioned last letter I have moved out of the office but now I know where I am. I am working in a branch by the name of Ezeiza. The international airport for B.A. is located near here but we live in a barrio by the name of General Belgrano. My companion's name is Jay McKenzie and is a new Elder from Puster, Idaho. When we moved in here we didn't take any one's place just more elders working in the branch. There are also another set of Elders and a set of Hermanas (Sisters). How what I have seen so far the members are really wonderful but a little weak as far as being strong characters and able to stand alone. We live in an apartment now, at first we lived in the branch and slept

on benches because we didn't have any
beds. The apartment is pretty nice but will
be better after it is completely fixed up.
There are two bedrooms and a large living
dining room combination with kitchen
and bathroom at the sides. The service
ward is one of the few I have ever seen
that has lawn in front of every house.
It really is a beautiful area. We have
been tracking and the people are quite receptive
to the Gospel although the members themselves
are quite against inviting their friends
out to church and having home meetings.

By the way, how are the home meetings^{it}
coming at home? or are they?

The other elders that live here
with us are really great. Eld. Williams
the senior elder goes home in many
attempts and really suffers since the
last time I saw him almost a year
