

October 15, 1963

Dear folks

Well almost two days of my week in the missions home is up and I love it. I came in Sunday night after seeing I leave in the afternoon. I didn't see Grandmother or Grandpa or Stan or La Sue because they had gone down to Summit Thursday night. I will see them next Sunday I guess.

Besides Wayne & I there are four others going to Argentina. Others from back there in the home are Mike, ~~BB~~ Alan, Barlow (The kid I work with at the farm, James Ricks from A Falls Church, and two kids from Baltimore. I also know about 10 kids from Ricks.

There are 253 going through this week (one was killed in an auto accident on the way and 8 of them are sisters. 17 different General Authorities. We have already heard from President Joseph F. Smith. LaFrance Richards, Gordon B. Hinckley, S Dilworth Young

~ Richard L Evans, also a Dr  
Richards on foot car.

The Home is really  
an experience and I know it will  
be helpful through my mission

It looks like now I  
might need some money before November  
but I won't know until I get  
to the Y. We will take 2 hrs  
of Spanish and an hr of P.E.  
at the Y. Plus studies at night  
so they are really spurring it on

Give all my love to the  
family

Love always  
Harry

I didn't get the letter mailed so I will write some more. I received your letter today and was glad to hear everything is all right. I received my certificate of clergy today and was set apart by Father Charles Richards. He gave me a wonderful blessing. I hope I can live worthy to receive it.

I talked to the Hickenlooper's this afternoon and will see them Saturday. ~~I hope everything is all right.~~ After buying my garments and other things I needed I only have \$70 left but I still don't know how much more I will need.

It is getting late so goodbye for now

Love again  
Gary
