Dear Talks

I am sorry that I haven't written sooner but last week was just one big race.

It started out real fine. I don't know if I mention her or not but we had been meeting with this family we had come in contact with through English class. but the girl Mirta progressed faster than the rest of the family. Well last Tuesday I baptised her in the ocean. She is 18 a really intelligent. Although the water was like ice she said she didn't feel a thing and I will always ~~remember~~ remember the look in her face and the tear in her eyes and the way she said thank you after I baptised her. If that was all the blessing I would receive for her baptism it will be enough. Her family

well all be members. I think
we will baptise a few more this
Saturday. They really are a wonderful
family and will help the branch
a lot here in Newcastle.

That was Tuesday morning
Tuesday night something exploded
in the branch between the members
that was too hot for us to handle.
It is something I will never
forget and really something
that taught me about ~~power~~
power. It started out with
a difference in opinion but
kept growing until one side
didn't think we were doing anything
and ~~which~~ I have the authority and
called Telegram the Mission home.

Today the President &
his wife came down. On Saturday
afternoon we had a meeting with
both sides and everything is
cool off now. I have never felt
so unsure of myself in my life

As I have the past week
and never learned so much
about people in such a short
time.

Well it is all over with
I hope and they will be able
to work together as ^{one} family of
the members of the Branch.

I received a letter from Evan
Keller and the Elder's Annum.
I sure would like to answer it but
I won't have time today.

Saturday we work with
President Steeg & his wife. They
sure have a wonderful spirit of
thorow's work and are as friendly
as can be.

Also Friday there was a
session of music here with two
of the happy missionaries who
are working on music in the
mission. It really was good
and helpful to the members.

How are things doing there. The
letter was really nice and thank
you for the picture so very
much.

Well I can't think of
anything else to say except
I love all of you very much
and miss you.

Love always
Cary.

P.S.

My Happy Birthday
to Ruth for Me.
