Dear folks

I haven't received a letter since I last wrote but I have a few minutes so I will write.

Things here are about the same, but last Friday afternoon I broke out in a terrible rash and it kept getting worse. I went to the doctor and he said it was an allergic reaction probably from something I ate. He gave me a prescription and I went to a pharmacist and got all the medicine. And then a bit to a clinic to get the shots. So now here you buy the medicine yourself and then have a nurse or someone give you a shot.

I don't know what it was I ate but it really caused a reaction.

Sunday there was the

the most spiritual meeting  
I have been in since I left  
Paris. It was fast day and  
I guess because I had fasted  
more than usual and felt  
more humble and the members  
felt the spirit. Two of the  
young sisters couldn't stop  
crying for about a half hour after  
the meeting. It is meetings like  
that, that are a testimony  
more and more to me that  
the Lord is here with his  
children. That if I do my  
part the Lord will give me  
results.

One of the sisters in the  
branch is going on a local  
mission here in Argentina and  
she really has the spirit to  
comfort her fellow countrymen.

Today we went and talked  
to the Catholic Priest. He really  
is intelligent and seems to be  
somewhat interested, but today

there were at the present time  
so he was as open but he ask  
us to come back tomorrow. I  
hope we can help him to find  
the truth before he leaves next  
Monday for Spain where he spent  
his first visit.

Also today we talk to the  
Director of Culture and Tourism  
about the Church a little bit  
and about sending him the Church  
publications for publicity to him  
personally and he seem real  
pleased.

And on the way back to the  
Church, the secretary of the ~~very~~  
newspaper stops us and said that  
he had a friend that wanted to  
learn English but couldn't  
come to our classes. We know the  
secretary pretty well because  
everything that is printed in  
the newspaper goes through  
him so we talk to him once or

twice a week. Well Anyway  
 the friend was the director of  
 the newspaper or the most  
 or one of the most important  
 and influential men in the  
 town. We will have to see because  
 he will be in B. A. for the  
 next week.

This all shows to me how  
 much more the churches accepted  
 and known today. Because  
 the people that we can talk  
 to and feel that we are doing  
 the work of the Lord and  
 the reception that we get

I mention earlier about  
 fasting now. Well what  
 it is that my companion and  
 I decided to fast Friday to  
 make us feel more in the work  
 and then we got a letter saying  
 that there was going to be a mass  
 wide fast to help the work.

from Saturday night to  
Monday noon. So we fasted  
then too. Also this week  
I am fasting with Sheryl  
the seventh to build our  
strength up together.

About her being in Washington.  
I don't know when exactly but  
her family is going to the World's  
Fair during this month of May  
and stops at Paris, Antwerp, etc.  
And Sheryl ask her supervisor  
if she could go with them even  
though it isn't time for her to  
get a vacation and was given  
the Okay.

Sheryl also isn't living  
at home right now she has  
taken an apartment about  
three blocks from her hospital  
and really likes it. She got  
her roommate through a computer  
company that matches people  
for roommates and so forth.

her roommate isn't L. D. S  
but seems to ~~be~~ be a nice girl.

Well I am running out  
of things to say so I will  
close for now and send it  
off

Love Always  
Hazel
